

# **Westerville Model Aeronautics Association**

## **Meeting Minutes**

### **January 8, 2024**

The meeting was called to order by club president Gary Smith at the 1<sup>st</sup> Presbyterian Church in Westerville. Approximately 12 club members were present.

The club treasurer was unable to be present, so a treasurer update was provided by the club secretary. Bills are current, and the club treasury is in good shape with adequate funds in the checking account and a CD account. The current club treasurer, Rob Hoffman, has indicated that he would prefer to step down from this function due to health issues. The club will work on finding a replacement for him as soon as possible.

Minutes from the October 2023 meeting were read and approved.

#### **Old Business:**

Field mowers were discussed regarding the effort getting underway to sell the Jacobsen mower and set the revenue realized aside toward mower maintenance and future mower purchase as needed.

20204 WMAA membership renewal season is well underway. The club operates on a calendar year basis. Club dues remain at \$75 for membership renewal. Approximately 61 members are current for 20204 membership at this time.

A seminar on scale static judging was held at Mike Barbee's house in November. A number of club members were present and future offerings are planned on scale flight judging for various locations.

The current slate of officers was elected by acclimation at the November club banquet to continue serving for 2024.

#### **New Business:**

Rick Tressler announced the FRIA application for the CORKS field in Centerburg has been turned down. Specifics are unclear at this time, but the concern may have been the close proximity to a full scale facility. Plans are being made to resubmit the application.
